DRT880 Thermo/Hygrometer

Overview

This multi-feature temperature/humidity recorder is quick and easy to use, as well as being accurate.

The instrument automatically stores and displays both maximum and minimum readings of relative humidity (RH) and temperature.

Applications include:

- Air conditioning
- Archives
- Art galleries
- Clean rooms
- Computer rooms
- Electronic assembly
- Energy management
- Food production

**Downloads...**[DRT880 datasheet](#)**Features**

- Temperature and RH measurement displayed simultaneously for direct comparison
- Temperature can be displayed in both °C or °F
- Automatically displays RH readings as:
 - Wet: over 65%RH
 - Dry: below 45%RH
 - Comfort: between 45%RH to 65%RH
- Impressive measuring range 0°C to 50°C, 25%RH to 95%RH

- Accuracy of temperature measurement $\pm 1^{\circ}\text{C}$ (between 0°C to 40°C), $\pm 7\%\text{RH}$ (elsewhere)
- Accuracy of humidity measurement $\pm 5\%\text{RH}$ (between $40\%\text{RH}$ to $80\%\text{RH}$), $\pm 2^{\circ}\text{C}$ (elsewhere)
- Standard AAA batteries included

We work hard to maintain our high Quality Standards.
